2-port USB/ MFP Server

FPS-3003

H/W Version: 4

LevelOne's FPS-3003 is a 2-port USB/ MFP server well designed to provide easy network accessibility for office environment or SOHO network usage.

This device adapts NetUSB technology to convert printers, MFPs, or USB storage devices with USB interfaces to share resources on the network, easily letting you scan, print, and store/retrieve data storage.

The FPS-3003 has 2 USB host ports. You can connect two general or GDI printers or MFP to share printer resources, MFP to share scanner/fax functions, and also USB hard disk or flash drives to share stored files.

With the Web-based management interface, system configuration and maintenance is not a problem for

FPS-3003. By using a general browser, the menu will walk you through the whole configuration procedure.

The built-in FTP server allows you to access files over the Internet, making it easier to store and retrieve data. You can also push the "INIT button" to perform a factory default restore of your MFP server.

In order to simplify your USB devices management, FPS-3003 is the device to maximize your productivity and investment by sharing information through reliable networking.

1. Ethernet Port
2. Reset Button
3. DC 12V Power lack
4. USB 2.0
5. LED Indicators

Technical Specification

Processor
DC R3201 32Bits RISC microprocessor, operating at 133MHz

Memory
2 Mbytes Flash Memory
8 Mbytes RAM

Network Interface
1 x 10/100 Mbps RJ-45 Ethernet port
2 x USB 2.0 Full-speed host ports

Print Server Supported Systems
Microsoft Windows 2000/ 2003/XP/Vista/7

File Server Supported Systems
Microsoft Windows 2000/ 2003/XP/Vista/7
Supports SMB Unicode, FTP CodePage

Printer/Scan/Fax Server Protocols
NetUSB

Scan Server Supported Systems
Microsoft Windows 2000/2003/XP/Vista/7

MFP Function
Printing, Scanning and PC Fax

Management
Web pages for configuration, monitoring and firmware upgrade
Windows utility for installation, configuration and monitoring

F/W Upgrade
Internal Web pages , Windows Tool, TFTP

LEDs
Power, Link, Status, USB1 and USB2

Power Supply
12VDC/1A, external power

Power Consumption
12W

Physical Specification
Operating Temperature 5°~40°
Operating Humidity 0% ~ 70% (Non-condensing)
Dimension 104mm(D) * 76mm(W) * 26mm(H)
Weight 90g

EMI and Safety
FCC part 15 Subpart C, Class B, VCCI Class B
