# Wireless 2-port USB/ MFP Server

WUS-3200

## H/W Version: 2

LevelOne's WUS-3200 is a wireless 2-port USB/ MFP server well designed to provide easy network accessibility for office environment or SOHO network usage. This device adapts NetUSB technology to convert user printers, MFPs, or USB storage devices with USB interfaces to share resources via Ethernet LAN or 802.11b/g wireless network, easily letting you scan, print, fax and store/retieve data storage.
The WUS-3200 has 2 USB2.0 host ports to connect two USB devices. You can connect two general /GDI printers or MFPs to share printer resources, MFP to share scanner/fax functions, and also USB hard disk or flash drives to share stored files.

With the Web-based management interface, system configuration and maintenance is not a problem for WUS-3200. By using a general browser, the menu will walk you through the whole configuration procedure.
The built-in FTP server allows you to access files over the Internet with user level security, making it easier to store and retrieve data. You can push the "INIT button" to perform a factory default restore of your MFP server.
In order to simplify your USB devices management, WUS-3200 is the device to maximize your productivity and investment by sharing information through reliable networking.

1. LAN Port
2. Reset
3. DC 12v Power Jack
4. 1 USB 2.0
5. 2 USB 2.0

## Key Features

- Shares 2 USB 2.0 devices to LAN or 802.11b/g wireless networking
- Shares printer function for general/GDI USB printer and MFP
- Supports general USB storages including USB hard disk, flash drive and card reader
- Supports SMB and FTP file server
- WEP encryption and WPA-PSK
- Operation Mode: Infrastructure/ Ad-Hoc modes
- Supports easy setup through Web Browser
- Provides Windows tool on Windows 2000/2003/ XP/Vista

## Technical Specification

### Processor
DC R3201 32Bits RISC microprocessor, operating at 133MHz

### Memory
2 Mbytes Flash Memory
8 Mbytes RAM

### Network Interface
1 x 10/10 0 Mbps RJ-45 LAN port
2 x USB 2.0 Full-speed host ports

### Print Server Supported Systems
Microsoft Windows 2000/2003/XP/Vista

### File Server Supported Systems
- Microsoft Windows 2000/2003/ XP/Vista
- Supported SMB Unicode, FTP Code Page: Western Europe/ Central Europe/ Greek/ Cyrillic/ Japanese/ Korean/ Traditional/ Chinese/ Simplified Chinese/ Thai/ Arabic

### Printer/Scan/Fax Server Protocols
Net USB

### Scan Server Supported Systems
Microsoft Windows 2000/2003/XP/Vista

### MFP Function
Printing, Scanning and PC Fax

### Management
- Supported Protocols: DHCP, FTP, HTTP
- Web pages for configuration, monitoring and firmware upgrading
- Windows utility for installation, configuration and monitoring

### F/W Upgrade
Internal Web pages/ TFTP
Windows Tool (Control Canter)

### LEDs
Power, LAN, WLAN, USB1 and USB2

### Power Supply
12VDC/1A, external power

### Power Consumption
12 W

### Physical Specification
Operating Temperature 5°C~40°C
Operating Humidity 0% ~ 70% (Non-condensing)
Dimension 104(D) x 76(W) x 26(H) mm
Weight 110 g

### EMI and Safety
FCC part 15 Subpart C, Class B, VCCI Class B
