

How to pair with Nokia 6310

- (1). To activate Bluetooth on your Nokia 6310, press "Menu", select "Bluetooth" and "On".
- (2). From your notebook or PDA, begin a Bluetooth device search. A mobile phone icon will show up in the right pane of the Bluetooth software window with the name of your Nokia 6310.
- (3). Double click the mobile phone icon to discover the services it provides. You should see COM, Dial-up networking, Fax, or more, depending on the model of your Nokia mobile phone.
- (4). From your Nokia 6310, select "Search for Bluetooth accessories", the phone starts searching for devices and accessories.
- (5). Scroll to the device you want and press "Select".
- (6). If devices have not been paired, the user is asked to enter the passcode of the desired device. (The Nokia Bluetooth Passcode is a 1 to 16 character-long numeric code of your choice)
- (7). A Passkey dialog box will pop up on your notebook or PDA, type in the same passkey you've entered on your mobile to complete pairing.
- (8). If pairing was successful, a "Paired with ****" message box will pop up on your mobile phone. You should also see a tick on the side of the mobile phone icon in your notebook or PDA.
- (9). You are now able to use the services of your mobile phone.
